Fort Nelson Disposal Well

About

Cancen Oil Canada Corp. specializes in the difficult task of processing Off-Spec Oil and Waste. Oilfield waste Management has become a growing concern for the Environment and the Economy mainly due to the growing rate of Oil Production in Canada. For every barrel of oil produced, waste is generated which consists of solids and fluids. Cancen's facilities are designed to receive, treat and dispose of such waste materials in a matter that is compliant with Environmental regulations

With Oil and Gas production being one of the largest industries in Canada; the Waste market will continue to grow and be a concern. For this reason Cancen has acquired strategic locations for its waste management facilities and disposal wells that will allow for a more efficient and more productive operations.

Facilities throughout the Alberta region have proven to be great assets to the Cancen team. Locations situated in New Sarepta, Medicine Hat and Jenner were acquired by Cancen, and had proven to be key for Cancen's success.

Cancen's latest acquisition has been the Fort Nelson location and was introduced as a great opportunity for business.

Fort Nelson

Cancen has added the Fort Nelson, BC location into their Disposal Waste Management operations and it is **located on Kilometer 127 on the Sierra Yoyo Desan road**. The Fort Nelson disposal well was immediately put into operation and was discovered that it exceeded Cancen's expectations for the well by ten folds.

Cancen's Fort Nelson, B.C location has a water disposal well with the capacity to inject in excess of 60 cubic meters of fluids per hour. The injection target zone is the Pine Point formation with the bottom depth of the disposal well at 2056 meters. This new addition to Cancen's operations is a great asset to the team and will prove to create more business opportunities for the Company.

For more information about the Fort Nelson location contact Wayne Willis at 1-250-321-2410 or e-mail him at waynew@cancenoil.com. For pricing inquiries contact Jim Watt at 780-991-5577 or e-mail him at jimw@cancenoil.com.
